SOME WILLS IN THE PUBLIC RECORD OFFICE.

No attempt has hitherto been made to bring together *on paper* the numerous Wills (chiefly enrolments) which are to be found scattered here and there among the Public Records. The ensuing list will, therefore, although very incomplete, doubtless prove acceptable to the readers of the GENEALOGIST. At present it has not been found practicable to collect the references to the numerous transcripts of, and excerpts from, Wills to be found in the *Inquisitiones post mortem*, and the *Chancery Proceedings*; but we should esteem it a great favour if any of our readers, who may be engaged on researches among the public archives, would assist us in making this list as complete as possible.
